

# Serve Your Herd

Our purpose at Chick-fil-A Easton is to have a positive influence on all who come into contact with Chick-fil-A, which includes partnering with the community through community service. We want Team Members to be able to give back as well through Chick-fil-A by providing paid hours to Team Members to volunteer in their local community.

## OUR VOLUNTEER GUIDELINES:

- Team Members may volunteer at any non-profit organization that serves our local Tulsa community and be compensated for 4 hours of work at their current pay rate.
- Team members must request off in advance and be approved by management to volunteer before any compensation can be approved. Chick-fil-A Easton may choose not to approve volunteer requests if in conflict with business needs and an alternative date will need to be selected.
- Team Members are responsible for coordinating their volunteer time with the organization of their choice and must complete and submit the below form to be compensated.
- Team Members will be offered 4 hours of volunteer compensation per calendar year.
- We only consider volunteer requests that are submitted through this form. Volunteer request forms must be completed in full for consideration of compensation.
- We ask for at least one month (30 days) notice of any volunteer request.
